OVERVIEW

Model United Nations (MUN) is an academic simulation of the United Nations that offers students a dynamic platform to engage in high-level diplomatic discourse, debate pressing global challenges, and collaborate on comprehensive policy resolutions. By assuming the roles of country delegates, participants are tasked with authentically representing their assigned nation's interests while navigating the complexities of international relations. This immersive experience cultivates critical skills such as persuasive public speaking, strategic negotiation, and nuanced understanding of global affairs. Through rigorous deliberation and consensus-building, students develop a profound respect for diplomacy and gain invaluable insight into the power of collective action and multilateral cooperation.

OUR HISTORY

OUR LEGACY

What began in 2016 as a small-scale internal initiative has grown into LCIMUN International — a distinguished platform for dialogue, diplomacy, and leadership. Over the years, it has become a space for students to grow as speakers, thinkers, and collaborators on a larger stage.

In 2021, LCIMUN International launched its first edition online, proving that even a global pandemic couldn't dampen the spirit of meaningful debate. The second chapter in 2022 marked a return to in-person conferences, reigniting the energy of live diplomacy. In 2023, we took another bold step with the introduction of two parallel committees and our participation in the UNHCR's Model United Nations Refugee Challenge. The fourth chapter in 2024 further elevated our standards and outreach.

Now, in its fifth edition, LCIMUN International stands as a symbol of how far we've come — and how much further we're ready to go. With delegates joining from across the country and beyond, our legacy continues to inspire, challenge, and shape the leaders of tomorrow.

WELCOME

BORDERS FADE. VOICES RISE. MINDS MEET.

In a world often divided by ideology, distance, and difference, Model United Nations is where students come together not to argue, but to understand. It is not just a conference but a rehearsal for reality, a laboratory of leadership, and a canvas for creativity.

Here, you won't just speak — you'll represent. You won't just learn — you'll lead. You'll step into the shoes of diplomats, face the world's most complex crises, and navigate them with grace, grit, and global perspective.

This is your invitation to think beyond textbooks, challenge comfort zones, and rewrite the future — one resolution at a time.

THIS AUGUST 6TH AND 7TH

**WHERE THE NEXT GENERATION OF GLOBAL VOICES BEGINS, AND
YOURS IS ONE OF THEM.**

COMMITTEE-UNGA:UNHRC

UNITED NATIONS GENERAL ASSEMBLY: UNITED NATIONS HUMAN RIGHTS COUNCIL

AGENDA: ADDRESSING MEMBER STATE ACCOUNTABILITY FOR GENOCIDE AND ETHNIC CLEANSING UNDER INTERNATIONAL LAW

The committee convenes amid growing global alarm over state-enabled atrocities targeting ethnic and national groups, revealing failures in the world's human rights commitment. Genocide and ethnic cleansing, among the gravest violations of human dignity, persist amid political inertia, weak enforcement, and selective outrage. This committee seeks to move beyond symbolic condemnation by advancing actionable frameworks for accountability, prevention, and redress, challenging delegates to balance state sovereignty with urgent humanitarian responsibility.

COMMITTEE-UNSC

UNITED NATIONS SECURITY COUNCIL

AGENDA: COMBATING THE RISE IN HOSTAGE-TAKING OF CIVILIANS AND THE DETENTION OF COMBATANTS BY STATE AND NON-STATE ACTORS

In light of the alarming rise in hostage-taking and the unlawful detention of combatants by both state and non-state actors, the United Nations Security Council convenes to confront one of the most pressing challenges in modern conflict. These practices, increasingly used as instruments of war and suppression, undermine international humanitarian law and threaten global stability. This session calls upon member states to scrutinize the role of all actors in perpetuating these violations, to strengthen accountability mechanisms and resolve this issue once and for all.
